Credit Points**

**ICOG
Credit Points**

Organized by:

**THE IMPHAL OBSTETRIC & GYNAECOLOGICAL SOCIETY (IOGS),
IMPHAL, MANIPUR**

Welcome message

Dear colleagues,

It is an immense pleasure to inform you that the Imphal Obstetric & Gynaecological Society (IOGS) will be hosting the "FOGSI East Zonal Conference with YUVA, 2023" at Imphal Manipur from 22nd - 24th December, 2023.

With the increasing life expectancy worldwide, non-communicable diseases (NCD) have become the major cause for morbidity and mortality globally and among NCDs, cardiovascular diseases rank as number one killer. Our nation is also facing double disease burden at the moment. The changing socio-economic trends in the society such as improved nutrition, better literacy, urbanization, late marriages, altered behavioral & dietary habits have led directly or indirectly to more cardiovascular related obstetric and gynecological complications. This conference is being organized with the theme "A Healthy Heart for a Healthy Life & a Healthy Woman".

With your blessings, the dedicated organizing committee is making tremendous effort to make the conference a grand success. There will be mind-boggling and brain-storming scientific sessions on various obstetric and gynecological aspects with deliberations by eminent speakers and stalwarts from all over the country during the three-day scientific bonanza. We will also have oral paper/poster presentations and Quiz competitions for the Junior doctors who will be the torch bearers of the Nation. We also plan to conduct workshops on "Gynae-Endoscopy, Preventive Gynae-Oncology & PPH, PICSEP".

Manipur is a land of natural beauty in the far easternmost part of the country and famous for its rich bio-diversity. Imphal, the capital city, is a bustling commercial hub which is well connected to the rest of the country both by air and road. Imphal International Airport is just 7 km from the heart of the city. The state has some of the most unique natural habitats in the world namely the pristine Loktak lake which is the biggest fresh water lake in India and Keibul Lamjao which is the only floating national park in the world. The latter is the only natural habitat of 'Sangai' (The Brow-Antlered Deer), one of the rarest species on earth. 'Ima Keithel' (Mother Market) is unique as the only market place in the world where all the vendors are women.

Manipur has a rich cultural heritage. The enchanting dance forms of Manipur are well known all over the world for their unique style which we will be ever ready to showcase during the conference. Manipur is also known as the powerhouse of Indian Sports and has the distinction of gifting the game of Polo to the world. For more adventurous people, we will also arrange varieties of adventure sports and trekking experiences in the wilderness. One can also visit the border town of Moreh and have a peep into the neighboring country, Myanmar. The weather of Manipur is generally pleasant, especially so in the month of September.

Dear friends, we welcome you all to Manipur for an experience of a life time and enjoy the scientific and cultural extravaganza and the warm hospitality of the people during your stay. Looking forward to seeing you all in Imphal.

With warm regards,
